SUMMARY OF THE FEEDBACK OF THE STUDENTS

2014-2015

Most of the students consider their course as interesting and valuable. Few students have expressed that the college environment is very conducive which makes their stay in the college very happy. Many students find their teaching methods adaptable. Students of Corporate Secretaryship feel proud to have opted this course as this is the only college under MKU which offers this course.

The students find their subjects and design of the curriculum very satisfactory. Some students find their instructors having a thorough knowledge of the subject and they have accepted their teachers as Role Models.

PG Students expect library hours to be included in their regular timetable. Some students have felt that the inclusion of games hours in their academic schedule will help them to get refreshed.

Students expect yoga and meditation classes to be organized more frequently that will help them to improve their concentration power and help them to lead a healthy and stress free life.

They hope that by having more seminar classes, they'll be able to shed their inhibitions and may get focused attention on the subjects. Only few departments arrange study hours. Students of other departments wish to have the same as it will give them a live experience.

More industrial visits are expected to be arranged so that they can have practical exposure. Students need more classes for development of soft skills, life skills and language skills.

ACTION TAKEN REPORT

2015-2016

The Post Graduate students were allowed to make use of the department library books after college hours.

Both indoor and outdoor games were conducted for boys and girls separately.

Yoga classes were conducted to the interested students to get vitality and feel rejuvenate.

Nature Cure classes were introduced. Experts from Gandhi Museum were invited and the students learnt naturopathy as well as the importance of consuming organic food and following good habits.

The Yoga and Nature Cure classes helped the students to improve their concentration power and also to lead a healthy and stress-free life.

Every year bridge courses are conducted in all the departments to give a bird's eye view of the courses and to help them to adapt to the new environment.

Many departments take their students on educational tours to give a live and hands on experience.

SOURASHTRA COLLEGE (AUTONOMOUS), MADURAI.**REPORT ON STUDENTS' FEEDBACK****2016 – 2017****ENGLISH**

- The students are happy with the Syllabi.
- They find their teachers to be very friendly and encouraging.
- They find many of their subjects helping them to gain practical knowledge.
- They are happy that they get academic counseling periodically.
- The Guest Lectures arranged for them seem to be very informative and give them an wide exposure
- Students' seminars are very useful as they aid them to build their confidence.
- Parnassus, the inter-collegiate fiesta held every year helps them to interact with other college members and advocates team spirit and gives training in organizing events and gives space to bring out their innate talents.
- The department library is fully equipped with the prescribed texts and materials for their course.
- As most of the students are from rural background and have poor academic records, they expect the staff members to explain the concepts in Tamil, which is the regional language.

BUSINESS ADMINISTRATION

- The course structure is found to be satisfactory.
- The Syllabi helps in facing competitive environments.
- The instructors have a thorough knowledge of the subject.
- Proper mentoring is provided.
- Spacious classrooms enable high standards of learning.
- More exclusive campus interviews are called for.

COMMERCE

- The syllabus has been well-structured.
- The learning environment is found to be conducive.
- Circulation of study materials and books are commendable
- Seminars conducted throughout the year help in keeping up-to-date with the current scenarios
- Numerous computer classes for B.Com CA students help in making them a cut above average
- The NME paper for the Post Graduate students is a welcome change
- Technical trainings could improve the chances of placement.
- More job fairs and campus interviews are required for better placement
